

PHY-275 Fall 2026 Pop-quiz #2

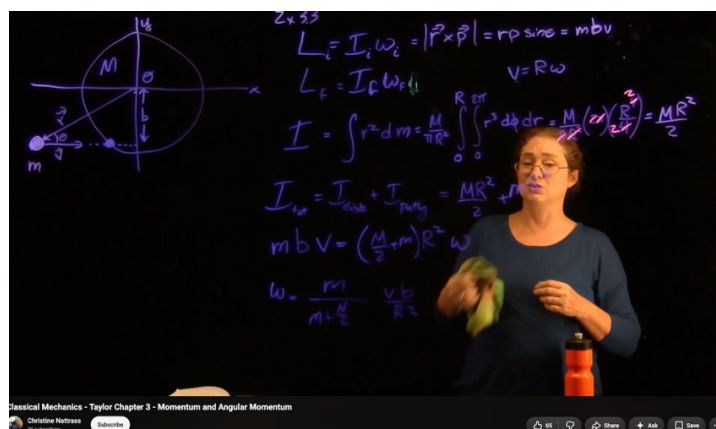

There will be a pop-quiz sometime next week for angular momentum

Task #1: Read and work out the example 3.3

Here's a detailed lecture section:

<https://youtu.be/ZH15gLKI4W0?si=dr3ZYJMM3chkGZnF&t=5165>

It will be on the quiz!

Task #2: In the pop quiz, you will also work on one of the classics:

Maximum force to pull Yoyo along the ground without slipping:
